

PD522M32G0 - FriFri Precision 522 Electric Drop-in Twin Tank Fryer -2 Baskets - W 500 mm -11.4 + 9.0 kW For the chef who wants superb temperature control for consistently excellent results, a drop in Precision 522 is the fryer of choice.

- Electronic temperature control and powerful elements maintains oil to within +/-1°C of the temperature selected, reducing oil usage and ensuing your food always has that all-important crunch.
- With one cooking programme, perfect for when you want to cook the same product time after time, to the same exacting standards.
- Digital timer displays the count down, with a buzzer sounding at the end of the cook cycle.
- Temperature view shows current oil temperature, enabling you to make an informed decision as to when to start cooking.
- Are there more fries than last time? Adaptive cooking automatically adjusts the cooking times to suit your batch size ensuring you never serve undercooked food.

- Keeping your oil in peak condition! Optional xFri® filters the oil at the push of a button and returns oil to the tank. Filter the oil safely, even while it's still hot, mid service if necessary, and resume frying in minutes - so easy there is no excuse not to!
- Raising food to the next level. Perfect for kitchens where you don't have time for constant supervision, optional LiftFri© automatic basket lifting system lifts food at the end of the cycle to prevent overcooking.
- Pressed tank for strength and durability. Radiused corners for easy cleaning. Hinged elements with two tilt positions for draining and cleaning.
- Optimum Allergy Control. Supplied with separate oil buckets, and can be supplied with separate pumped filtration systems, providing completely segregated gravity filtration for optimum allergen control or to cater for dietary preferences.
